Before operating the unit, please read this manual thoroughly and retain it for future reference.

Model No. 0719-07

You are cautioned that any changes or modifications not expressly approved in this manual could void your authority to operate this equipment.

Description

The Core mini wall mount lets you easily mount your Core mini against the wall using only 2 screws (not included). The backside of the Core mini attaches magnetically with the wall mount for a clean and invisible wall mount.

Make sure the backside of the wall mount is facing the wall when installing. If installed incorrectly the magnets will repel instead of attract the Core mini.
