

## **instabus KNX/EIB Presence detector comfort polar white (01.11.2005)**

**Order no. 7526 40 01**

Packing unit 1

Recommended mounting height approx. 2,5 m

Detection field on floor approx. Durchm. 8 m

Detection field at desk height approx. Durchm. 5 m

Detection angle 360 °

Detection levels 6

Sectors 80

Switching segments 320

Operating temperature -5 - +45 °C

Dimensions (Durchm. x assembling height) 103 x 42 mm

**For bus coupling unit flush-mounted order no.**

Best.-Nr. 7504 00 01

- energy saving by means of presence and brightness-dependent switching of light, heating etc.
- with 4 output channels for which parameters are set independently, max. 2 per operating mode
- with 3 modes - presence detector, ceiling controller and message mode
- with teach object for response brightness
- with potentiometers for fine adjustment of the response brightness, sensitivity and delay time
- can be used as a single unit, main device or extension unit
- with push-on cover to limit the detection field

When movement of a person is detected a parameter defined data telegram is sent.
