

**Berker** Switches and systems

# instabus KNX/EIB Brightness and temperature sensor surface-mounted (01.11.2005)

## Brightness and temperature sensor polar white

**Order no. 7549 20 01**

Packing unit 1

Operating voltage over bus 21 - 32 V=

Brightness measuring range, linear 1 Lux - 100 kLux

Temperature measurement range, linear -25 - +55 °C

Operating temperature -25 - +55 °C

Dimensions (W x H x D) 72 x 110 x 54 mm

IP54

- as brightness sensor 3gang and temperature sensor 2gang
- with integral bus coupling unit
- bus connection via connecting terminal
- with screw terminals
