Short description:

- 500 watt halogen floodlight with in-built motion detector with 200° viewing distance for convenient lighting control
- Default settings ensure immediate operability
- Additional control output
- Possibility to adjust floodlight head and motion detector in many ways
- Sensing and range adjustment by revolving and tilting spherical head technology
- Prevention of operating errors through in-built selector switch for test function/automatic operation
- One-handed plug-base installation for quick and easy installation
- Double diaphragm line entrance
- Two line entrances, optionally from the top, bottom or rear (self-sealing diaphragm)
- Plug-in terminal for through-wiring of the protective conductor included
- Protective cap with bayonet lock for setting elements. Prevents unintentional parameter adjustment and protects from atmospheric influences
- Special brackets for mounting on inner and outer corners, available as accessories

Technical data:

Mains voltage	230 V AC, 50 Hz
Approx. power consumption	0.8 W
For illuminants	150 - 500 W/R7s, 114 mm length (not included)
Viewing distance	200° sensor horizontally rotatable +/- 90°
Range	approx. 12 m, at an installation height of 2,5 m
Range adjustment	mechanically by tilting the motion detector head max 80°
Setting options	mechanically by adjusting controller
Switching capacity	230 V AC, 50 Hz, 1000 W/4.5 A (cos phi = 1), 500 VA/2.25 A (cos phi = 0.5)
Time setting	approx. 4 sec. - 10 mins.
Light value	approx. 2 - 1000 Lux
Protection type	IP 44
Protection class	I
Test symbol	TÜV Süd
Installation type	wall mounting, mounting on inner and outer corners possible with accessories
Approx. measurements	height 228 mm x width 215 mm x length 196 mm
Colour	white, similar to RAL 9010, black, similar to RAL 9005, stainless steel appearance

Accessories

- EL10520280 - AF corner bracket white
