

Order description	Item number	EAN code
CU-DIN DRY 4-Z KNX	EC10430381	4015120430381

Short description

KNX 4-channel dry contact, 2 inputs: Temperature measurement and dry contact, 2 outputs: 0-10V

Technical data

Mains voltage	from KNX bus 29 - 31 V
Power consumption	24 mA
Setting options	remotely with ETS-Software
Permissible ambient temperature	0 °C ... +45 °C
Protection type	IP 54
Protection class	II
Installation type	Recessed mounting
Installation dimension	Installation depth [mm] 14 mm
Number of switching contacts (floating contacts)	4
Number of inputs	4
Relative humidity	5 - 93 %, non-condensing
Number of analogue outputs	4
Nominal voltage analog outputs	0 - 10 V =
Nominal current analog outputs	3 mA
Conformity	CE, RoHS

Accessories

- EC10430398 - CA-DIN TP for DRY 2.5m
