DND/MUR MODULE

The DND/MUR (Do Not Disturb / Make Up Room) module is a simple way for guests to communicate with staff from their room. Either don't want to be disturbed or need your room to be cleaned, it is as simple as touching a button. The product includes a doorbell button to announce visitors in a kindly way. Besides, optionally the doorbell can be disabled whether the "Do Not Disturb" is active.

Module needs an extra 12 VDC power supply for LEDs.

KNX bus enables information exchanges with sensors and the integration with a building management system.

The outdoor module can be customized with the room number, icons (Do Not Disturb / Make Up Room), logo and name of the hotel. Hotels can simply integrate our technology into their own design.
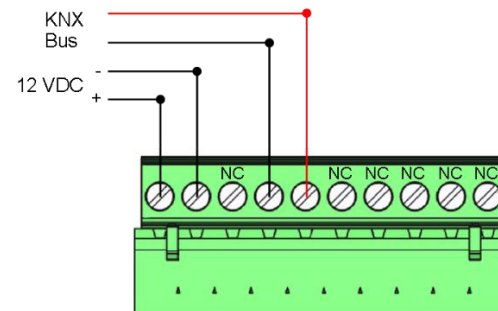

FUNCTIONS

- DND (Do Not Disturb)
- MUR (Make Up my Room)
- Doorbell

CONFIGURATION

The complete configuration of the device is performed via ETS3 or higher.

CONNECTION DIAGRAM

DIMENSIONS

13x23cm

TECHNICAL DATA

Device	ITR630
Power Supply	EIB Power Supply
	Extra 12 VDC for LEDs
Power Consumption	KNX: 10mA
	12VDC: 22mA
Mode of commissioning	S-Mode
Type of protection	IP 20
Temperature Range	Operation (- 5°C …55 °C)
	Storage (- 25°C …70 °C)
Maximum air humidity	<90 RH
Mounting	Flush Mounting
Certification	EIB-Certified

CE KNX EIB
