

InZennio Z38

LCD Touch Panel

ZENNIO[®]

InZennio Z38

LCD Touch Panel

The InZennio Z38 LCD Touch Panel is a great step forward in Home Communication

3 Way Design:

- Simply predictable. You, know the way the Z38 is acting, as you can watch it!
- Touch Sensitive. Flat surface to get the orders.
- Listen to it. A “bip” confirms our selection.

InZennio Z38

LCD Touch Panel

Feel it

Packaged in a highly distinctive, minimalist esthetic; not only makes the communication integration with working and relaxing environments easier, but also prepares it for the future.

Polar White, Anthracite Gray and Aluminium are the available options for this product

Perfect Size: 3, 8" display in a 4x4 format makes the Z38 easier to be present in every room, getting a uniform communication in the intelligent Home at the same time
